

Invitation for the 15th year of traditional holiday orienteering event

H.S.H. Vysocina cup 2007

20. - 22.7.2007 Borová u Poličky *The village of the year 2005
in the region of Pardubice*

The traditional orienteering event Botas Vysocina cup has changed the name to H.S.H. Vysocina cup this year – the main partner of the event has been changed. However, your traditional event is still :-)

The northwest part of the Highlands (Vysocina), the village of Borová u Poličky, will be the centre of the already 15th three-stage event, this time under the name H.S.H. VYSOČINA CUP.

We have prepared for you courses in attractive terrains of the Highlands. New maps will be made for all the stages, in the scale of 1:10000. For E1 and E2 the area of the map “Borovský les” will be used, which hosted one event of the national Czech Cup in autumn 2006.

Slightly hilly terrain with harder ground, typical water trenches and a large number of vegetation details, that is characteristic of all the three stages. For E2 there will be a new map between the village of Budislav

„BOROVÁ offers relaxation as well as sport opportunities in the forests, lovely meadows and streams on long slopes of the hills with wonderful views. Lucky hill /739 m.n.m./ a Skalka /699 m.n.m./ offer far-reaching views of the Highlands, the Eagle mountains (Orlické hory) and Jeseníky. Rocky hills near the villages Proseč a Milovy satisfy hikers as well as climbers.” (www.borova.cz)

and the pond Zimka, in which area the Czech Team Championship took place in 1996, on the map “Vochoňmůrka”. One part of area has not been put on a map so far.

The terrain is interesting because of

its rocky ground in the valley of the stream Desinka. The centre of E2 will be placed at a gamekeeper’s lodge Lubenska, situated 5 km from the centre of the event in Borová. The shuttle transport to the centre of E2 will be provided.

The surroundings of Borová is ideal for trips on mountain bikes. The area of Maštale, “paradise for orient

eering” is not far away from the centre. The O-map Maštale will be available for training. You can also visit rocky hills Čtyři Palice and Rybenské Perničky. If you want to enjoy bathing and swimming, there is a charming pool in the forest

close to the camping. There are two restaurants, public camping and a shopping centre in Borová.

The organizers from the club OB SK Chrast are looking forward to your participation.

The information can be found on webpage of the club SK Chrast:
