

Invitation for the traditional holiday orienteering event - 16th year of

H.S.H. Vysočina cup 2009

July 17th-19th 2009 Zubří u Nového Města na Moravě

*After one year of break because of the World Championship the traditional event is here again -
we are looking forward to you!*

Already 16th year of the summer orienteering event H.S.H. VYSOČINA CUP will take place in a picturesque part of the Highlands, only 4 km from Nove Mesto na Morave, famous sport centre of this area. As always, you might expect courses in attractive terrains of this part of the Czech Republic. New maps will be made for all the stages, in the scale of 1:10000. You will be competing in the terrains that were used for the 2005 Czech Championship in Middle Distance.

The surroundings of Zubří is a typical mildly hilly terrain of the Highlands, in the altitude of 650–750 m and mainly coniferous forests. The first stage will challenge you with many water trenches, springs and small swamps and a lot of terrain details, while the second one will take place in a rather clear forest again with water ditches. The terrain for the third stage is characteristic of many bushes, clearings and harsh surface.

Zubří and its surroundings offers a large number of trips, both on foot and on mountain bikes. The closest tourist sights are Vlčí kámen (monument on the spot where the last wolf of the Highlands was shot), Na Skále (Vávrovka) – rocky hill offering lovely views, Pohledecká skála – an imposant rocky hill accessible from its southern part (former military area), Nové Město na Moravě – the center of this area with 10 000 inhabitants, offering galleries, museum and many restaurants, and many other attractive spots of this part of the Highlands.

You can be looking forward to a whole range of attractive activities that will be prepared by the organizing club and its partner, H.S.H. Sport: sale on the entry fee if you make a purchase at H.S.H. stand, attractive prices for the best runners of the event as well as for the accompanying programme or bonus tickets.

More information will be soon found on the webpage of the event:
<http://www.hshvysocinacup.cz> you can also visit the homepage of the organizing club: <http://www.obchrast.com>

***Application for
the standard
entry fee
till July 24th 2009***

The organizers from the club OB SK Chrast are looking forward to your participation.

The village of Zubří is situated 4 km southwest from Nové Město na Moravě, renowned skiing, cultural and tourist centre of the Highlands. Its altitude is 670 m. The well-known hills of the area are Křib (684 m), Hlavatýho kopec (710 m), U vodojemu (709 m) a Skálí (736 m). About one km southeast from the village, bordering with a large forest, there is a pond of 8,64 ha of surface and maximum depth of 6 m. Its altitude is 655m. You can read more information about the village and its surroundings on the webpage: <http://www.obeczubri.cz/?page=uvod&langchange=2>.
